Please forgive our small menu at this time. We are planning on adding new items often. New items include a fish sandwich, a Ruben, Corned Beef and Pastrami. We are building a wine list too. We are also planning some specials like Prime Rib w/fries and a draft beer for a special price on Monday nites during football season. Eventually we would like to add full dinners that include steaks, and seafood. Please feel free to make suggestions of what you, the neighborhood would like to see us offer. We want to serve you!
